

## CURRICULAM VITAE

K.P.GOVINDARAJAN - 00918778388914

Home: 0091-9600379482

Experienced professional with proven expertise in all the type of rubber field, as a Technologist to manufacturing **All type of Poly Urethane Screen , wheels for sand washing plant industries**, rubber molded parts like Automotive Rubber parts, Marine and mine Industries rubber parts, all type of rubber and steel cord **belt splicing and jointing in factory and site**, all type of Rollers like- Polyurethane products like rollers, Paper mill Ebonite rollers, Bellows, **Rubber lining of pipes and fitting and tanks**, EPDM profiles, PVC rigid and soft parts, PVC Profiles, fenders, , solid wheels , tyre retreading etc., Career record of achieving relevant division an independent with ability to work an environment and effectively priorities job responsibility. A dedicated team player productive ideas and skill, with past three decades.

**EDUCATION: B.Sc., B.Ed., (CHEMISTRY) - University of Madras, Tamil Nadu- India.**

**B.Tech., (Polymer Engineering) -IIPS Delhi-India.**

**ACHIEVEMENTS: -** Career record of handing and manufacturing rubber products designing, rubber formulation and Quality control, testing of the rubber compounds, Daily production activity, Technical rubber products and development of new clients and sales and marketing etc.

### **CAREER PROGRESS**

**Business Development Manager - Private Sector at Qatar (21st December 2014 to 31st October 2018)**

**First time, I had Implemented Polyurethane rubber casting Unit** and developed all type of PU products like PU screens, Re- coating of Hydro cyclone parts and rubber Regulators,all type of rollers, Tunnelling machine's launched rubber gaskets and B type profiles, Conveyor belt hot joints, Rubber linings and Technical rubber products and Hoses, Development of new clients and sales etc.

**Assistant Manager –Sales & Development - Centaur security & safety Trading Company (8<sup>th</sup> April 2014 to 9<sup>th</sup> December 2014) I** had developed all type of value Diaphragms, EPDM liner for firefighting water Tanks etc.

**Factory Manager -Alaa International Rubber & Gasket Factory (17th March 2011 to 18<sup>th</sup> March 2013)**

**Manufacturing – All type of PU roller, pipe line cleaning Pigs, PU SCREENS for sand washing plants, rubber, gaskets and rubber bellows etc.**

Follow up all branches enquiries and preparing Quotation etc.

Technical & production side – Follow up our entire production schedule according to our customer requirement and new development and monitoring all factory Administration and including sales department.

**As a Sales manager (Industrial Equipment and spare parts and Building materials) in Gulf Asian FZE Rak Free Zone, UAE. (24<sup>th</sup> May 2009 – to 10<sup>th</sup> March 2011)**

All type of building material including plant machinery's equipment and flexible rubber spare parts etc., estimation, payment collection, follow up the new and existing customers and plant Machineries Maintenance etc.

**As a senior production Foreman then Supervisor (Rubber Division) 19<sup>th</sup> June 2002 – 17<sup>th</sup> Feb 2009 Arab Emirates Bandag Co. L.C.C, (Tip top Agent) -Galadari Brothers group of company in Dubai-UAE.**

Handling in all type of rubber products like Automotive Rubber parts, Rubber lining, FRP lining, Bellows, conveyor rollers, Pipe coating roller, Ebonite rollers, Polyurethane solid wheels and rollers. I had Implemented Polyurethane casting Unit on 2004 and developed all type of PU products like PU screens for sand washing plants and aluminum industries, all type of PU wheels,

Sheets Marine Fenders, Profiles, Marine rubber products, Butter fly vales (up to 88" dia), OTR tire repair works, tire retreading (Bandag Material with tiptop), conveyor belt, **PVC & Heavy duty Rubber belt ( steel cord) splicing and jointing in factory and site.**

All type of rubber compound & formula designing, Quality control (As per ISO Records), testing of semi-finished products and finished products, Analyzing of product developments, customer technical services, Identification of problems and rectification, cost estimation of the products to furnishing Quotation for the orders. Trouble shooting with all machinery maintenance, purchasing of new machineries etc.

**I got three years continuous work performance awards from the Top Management.**

**As a Chemist- Nabharubber Industries, Dammam 2001-2002**

(Conveyor belt manufacturing company) Handling all type of molded parts, roller, rubber lining Tanks, pipes and fittings, Quality control testing of semi-finished products, finished products and designing of rubber compound for various hardness etc.

**As a Production Manager- Chandison rubber, Aruna rubber products in Tamil Nadu 1998-2001**

Handling all type of molded rubber parts, rubber flexible hoses for use Textile machinery. Daily planning of work schedule, rubber compound designing and testing, Quality control and ISO records etc.

**As a Rubber Technologist- Jordan rubber Industries- JORDAN. 1995- 1998**

Handling New development rubber products like molded parts, EPDM & PVC rigid and soft profiles (Continue Vulcanization system), PVC profiles, Printing roller, Industrial paper mill roller, Polyurethane products, silicone products, Molded products, valves, rubber lining of tanks and Lab testing etc.

**As a Supervisor and Asst. Production Manager. 1987-1995**

**Cori Engineering Private Limited-(Rubber division). - Chennai – Tamil Nadu.**

Working as a site supervisor and handling of rubber and FRP lining at different areas in all over India. Then promoted to factory as an Asst. Production Manager and handling all the type of molded rubber parts, different type of bellows, paper mill roller, big conveyor rollers, Industrial rollers, steel plant rollers, designing of rubber lining rubber compounds, testing as well as quality control, all machinery maintenance etc.

**As a Lab-Assistant- Arul rubber Private Limited, Hosur-Tamil Nadu state. 1986-1987**

Designing of New rubber formulation and testing in different types of rubber Physical properties, Inspection of the semi-finished and finished products like rubber lining of Tanks, pipes and fitting, cell covers and molded products etc.

**Private Rubber company - Qatar** (around December 21<sup>st</sup> 2014 for a period of 46 Month(s))

**Centaur Security and safety Trading company** (around April 2014 for a period of 9 Month(s))

**Alaa International rubber & Gasket factory** (around March 2011 for a period of 24 month(s))

**Gulf Asian FZE Rak** (around May 2009 for a period of 26 month(s))

**Arab Emirates Bandag L.L.C** (around Jul-2002 for a period of 80 Month(s))

**Nabha rubber Industries** (around Jan-2001 for a period of 12 Month(s))

**Jordan rubber Industries** (around Feb-1995 for a period of 36 Month(s))

**Cori Engineering (P) Ltd.,** (around Jan-1995 for a period of 102 Month(s))

**Arul rubber Industries** (around Jan-1986 for a period of 12 month(s))

Particulars	Type of Rubber	customers
<p><b>Manufacturing Fields:-</b>  <b>POLYURATHEN PRODUCTS: All type of PU Screens, wheels, all type hydro cyclone PU lining of pipes and other technical parts etc.</b>  <b>Molding division:-</b>                      Manufacturing Technology of Anti vibration pad, gaskets, seals, solid wheels, rubber to metal bonded items, bellows, marine motor coupling, and butter fly valves etc.</p> <p><b>Rubber Roller Division:-</b>                      Conveyor pulley lagging up to 1.5 Dia x 2.5 meter long. Metal to rubber our own bonding solution ( Without hemlock metal coating)                       EPDM Roller used with our own solution. Roller sizes up to 1250mm Dia x 1.5 meter long.</p> <p><b>Pipe coating roller sizes: - (Throwing drums) 400 Dia to 500 Dia x long 1.25 to 2 meters. Rubber Thickness 50 mm side, Solid Wheels, Silicon roller, PU Solid wheels, pipe cleaning pigs Sand plant PU screen etc.</b></p> <p>All type of printing roller- Offset, letterpress, flexo graphic, Rotogravure printing, paint coating rollers, PU rollers up to 640 dia x 1.5 meter.</p> <p><b>Hard rubber rollers size: up to 1000 Dia X 7.5 meter</b></p> <p><b>Rubber &amp; FRP Lining Division: Tanks, pipes etc. Autoclave curing method: - Acid Tanks, chemical, water Treatment plants tanks, pipes etc. .1 meter Dia X6 mtr long to 2.5 Dia X 6 mtr long pipes. (Metal to rubber our own solution used (without Chemlock).</b>  <b>Cold process Method:-</b>                      Acid tanks, Alkali Water Tanks etc. 100 to 1000 Sq. meters.</p> <p><b>EPDM liner for water tank</b></p>	<p><b>PU materials different hardness 50 – 90 A</b></p> <p>NR, SBR, NBR, CR, IIR, BR, SILICON, EPDEM, PU, etc.</p> <p>NR,SBR</p> <p>EPDM, Hyplon, Silicon &amp; PU rubber 70 to 95 A</p> <p><b>PU 85 to 90 A(Pipe cleaning Pigs)</b></p> <p><b>NR, SBR, SLICON, PU etc., (Soft rubber and hard rubber)</b></p> <p>NBR, Silicon, EPDM, Hyplon, PU etc.  <b>Rema Tip top Materials</b></p> <p>FRP, NR, SBR, CR (Hard &amp; Soft rubber) Butyl rubber Hyplon rubber etc.</p> <p>NR, BIIR, CIIR, HYPLONE, FRP etc.                      1.1 mm EPDM RUBBER</p>	<p>All sand washing plants and petrochemical Industries.                      All chemicals, Thermal power, Cements Industries                      (All Gulf Countries)</p> <p>Thermal power, Fertilizer, Mines, Port tec.</p> <p>Steel plants - India <b>Hadeed –KSA</b> and USCO Bahrain</p> <p>ARAMCO Saudi Arabia                      All Gulf countries.</p> <p><b>All pipe coating company in Middle East, South Africa,(Nigeria)</b></p> <p>Printing , paint, paper mill, pipe coating Industries(<b>All Gulf Country</b>)</p> <p><b>All Gulf Countries</b>                      Factory and site work (INDIA AND ALL GULF COUNTRIES.)</p> <p>„                      „ „                      All middle east countries</p>

Particulars	Type of Rubber	customers
<b>Bellow Division:-</b> <b>Manufacturing sizes :- 2" to 84 "</b> <b>Dia up to 500 width, pressure withstanding up to 200 PSI</b>	NR, SBR, NBR, CR, IIR, SILICON, EPDEM, etc.	All chemicals, Thermal power, Cements Industries <b>(All Gulf Countries)</b>
<b>Rubber Profile Division: - All type of Aluminum rubber profiles (Above 10, 000 types of Aluminum profiles) Automobiles glass doors, bridge jointing bellows, Industrial profiles, sponge, fenders all type of rubber tiles etc.</b>	EPDM, CR, NR, SBR, SILICON, PVC (rigid and soft Profile), NBR etc.	All Aluminum fabricators, FRP Boats fabricators and other industries. (All India, all Gulf Countries, Europe and South Asian Countries.
<b>Rubber Belt splicing and jointing (Fabric belt, steel cord belt)</b>	Fabric and steel cord belt <b>(Tip top Materials only)</b>	<b>All Gulf Country</b>
<b>Gasket Division: All type of Gaskets</b> <b>Launched rubber gaskets, Re- coating of Hydro cyclone cone parts and Rubber Regulators etc</b>	<b>All type of Gaskets</b>  <b>NR/SBR RUBBER</b>	<b>All UAE</b> <b>All Middle east Country</b>
<b>Tire :- OTR tire repair works, tire retreading -all type of trucks and passenger bus tires etc.,</b>	<b>Tip top materials</b>	<b>UAE</b>

**Conveyor Belt: - Heavy duty Rubber conveyor belt Splicing and jointing (Hot & cold) process as well as steel cord rubber belt got training from Germany (TIP TOP) on 2004.and visited Trelleborg Izarra in Spain.**

**PVC Belt lightweight belts: - Splicing and jointing (Hot & cold) process got training from Es belt (Spain) on 2004.**

**Poly Urethane casting manual method: - I got one week training from Baule (France) on 2003.**
